Phone 918-623-2615

February 20, 2007

Dear Customer of Rural Water District #3 - Okfuskee County,

The Board of Directors of Rural Water District #3 - Okfuskee County are in the process of wanting to upgrade the water lines in your area with a larger line. We no longer can allow anyone to have water in your area due to the line size, which would take away from existing customers. Larger lines would be more beneficial for everyone. The Fire Department would have more water to fight fires, homeowners would not experience low water pressure during the hot, dry, summer months and it would allow for new customers.

Creek Nation Indian Health Services has asked that Rural Water District #3 - Okfuskee County try to identify individuals and/or families in your area that have CDIB cards. Creek Nation will possibly help with a percentage of the cost depending on how many individuals have a CDIB number.

Rural Water District #3 - Okfuskee County is asking you to fill out the form enclosed and return it as soon as possible, or you may call our office at (918)623-2615 which would expedite matters. We appreciate you taking the time to help us with this.

Sincerely,

Board of Directors
Rural Water District #3 - Okfuskee County
P.O. Box 650
Okemah, OK 74859
